How to read this. "People" counts devices that did each thing at least once this term. "Total" counts days: one person checking in on 20 days counts as 20 check-ins. Each activity is counted at most once a day per device.

Privacy. These are totals only. Unbettable never shares who joined, what anyone wrote or answered, any individual's course scores, or anything from the course self-check. Any figure based on fewer than 10 people is shown as "fewer than 10."

Unbettable is peer support and education, not treatment or diagnosis. Crisis help: 988 · Gambling help: 1-800-MY-RESET (1-800-697-3738).
