

FOR SCHOOLS, ATHLETIC DEPARTMENTS, EMPLOYERS AND TREATMENT PROGRAMS

Sports betting education and recovery tools for your people

How betting works is a short prevention course everyone can finish on their phone. People who need more get a private recovery app with your help number listed first. You get certificates you can check and a term report with totals only.

What your people get

How betting works

Versions for students, student-athletes, employees, staff and parents, in English and Spanish, with knowledge checks before and after.

Keep Your Players Eligible

For athletics: every athlete is walked through blocking every way to bet, with yearly renewal reminders.

Private recovery tools

A personal 90-day plan, daily tools for urges and money, and a 60-day plan for families.

Your help first

Your counseling center, EAP or program sits above the national helplines on every help screen.

What your organization gets

Your own page and join code

People join on their own, with no roster upload or sign-on to set up.

A launch kit

Posters, emails, a slide and text messages, filled in with your name and code.

Certificates you can verify

Check one code or a whole list at unbetttable.com/verify.

A term report

Totals for your whole group. Any figure under 10 people is hidden.

How a pilot works

1

Set up

We build your page, join code and help screen.

2

Launch

You send the kit's emails and post the posters.

3

Take part

People take the course and use the tools on their own phones.

4

Review

You get a term report and decide on a full license.

Privacy

Unbetttable doesn't request or receive student or employee records. Your organization never sees who joined, any individual's answers or scores, or anything a person writes. Security, privacy and accessibility answers are at unbetttable.com/organizations/trust.
